assembly and packaging. Rigorous QA/QC program ensures that every production step is monitored constantly and every finished product is scrutinized closely before shipping to the customers. As a result, high quality goods are produced at low manufacturing cost.

In this age of global market, Kuan Tong will strive to maintain its status as the leading manufacturer in the aftermarket automobile accessory industry. Kuan Tong will continue to work hard with existing trading partners to expand the sales and distribution networks in America, Europe, and Asia, while seeking to form new partnerships in Eastern Europe, Russia, the Middle East, and Africa. Finally, Kuan Tong will continue to refine its product design and engineering, maximize production efficiency through capital reinvestment and advanced automation, and improve customer service and support. It is through this never-ending effort of self-improvement that Kuan Tong will remain at the forefront of this industry.
